MANDATORY ONLINE TRAINING FOR AUF APPROVAL

The Institutional Animal Care and Use Committee (IACUC) is under a federal mandate to ensure investigators and other personnel be appropriately qualified and experienced for conducting procedures on living animals. Adequate arrangements shall be made for their in-service training, including the proper and humane care and use of laboratory animals.

The following training is mandatory for all personnel who are listed on the animal use form. Approval of the AUF will be held up until all training has been completed.

IACUC TUTORIAL

- For all IACUC training, the website is: http://ora.msu.edu/train. Once logged in, click on: “Find Training”. Type “IACUC” in the search box. Click on the training module you require and then click the “Launch” button. It is recommended that all other personnel who may come in contact with the animal(s) (including farm workers, custodial services, and secretarial/clerical support), take this tutorial.

SPECIES SPECIFIC TUTORIAL

- Can be found at http://ora.msu.edu/train. Once logged in, click on: “Find Training”. Type “IACUC” in the search box. Click on the training module you require and then click the “Launch” button.

- If there are no species specific modules for the animals you will be using in your research, you should send an email to iacuc@msu.edu stating that you will be responsible for making sure that all personnel listed on your AUF are all trained and that you have the appropriate training records with your project records.

BIOSAFETY PRINCIPLES

- Can be found at http://www.oeos.msu.edu/TRAIN/BSP/ then click on “On line Training”. You will need to complete the “REGISTRATION FORM” in order to receive credit for completing the module. This training must be completed on an annual basis.
