OBTAINING VETERINARY MEDICAL SUPPLIES AT MSU

Non-Controlled Substances and Veterinary Supplies
Vendors of veterinary-specific drugs and supplies include Henry Schein® Animal Health (Butler) and Allivet®. Campus Animal Resources veterinary approval is needed to purchase some items through these suppliers.

Items available for purchase from these vendors include:
- Anesthesia supplies: anesthetics (e.g., isoflurane) and waste gas scavengers (e.g., AneSorb)
- Surgical supplies: scrub agents (e.g., Betadine®, chlorhexidine), suture material, and surgical instruments
- Analgesics: NSAIDS (e.g., meloxicam, ketoprofen) and topicals (e.g., lidocaine, bupivicaine)
- Needles, syringes, IV catheters, and styptic powder
- Ophthalmic ointment

Vendors:
- Henry Schein (Butler) Animal Health (https://www.henryscheinvet.com/)
  NOTE: A veterinary license is required for most order placement – please contact Campus Animal Resources for assistance*
- Contact 855-724-3461 to establish an account; orders can be placed using an MSU PCard

- Allivet® (http://www.allivet.com/)
  Researchers can place orders for most items through Allivet
  NOTE: Some items require a veterinary prescription to purchase; the icon “Rx” will appear next to the product name – please contact Campus Animal Resources for assistance*
  Contact 1-877-500-9944 to establish an account; orders can be placed using an MSU PCard

In urgent cases when veterinary supplies cannot be obtained through an outside supplier, Campus Animal Resources may have certain items available in stock on campus that can be provided until external supplies are made available.

*If a veterinary license or prescription is needed to purchase an item, please contact Campus Animal Resources veterinary staff for assistance at carvets@msu.edu.

Controlled Substances
Drugs and other substances that are considered ‘controlled’ under the Controlled Substances Act (CSA) are divided into five schedules (https://www.deadiversion.usdoj.gov/schedules/index.html#define). A State of Michigan researcher license and a DEA researcher registration are required for the purchase of controlled substances. MSU Environmental Health and Safety (EHS) has several resources for questions about obtaining controlled substances.
